

ELEVATION ZERO GRAVITY RECLINER

The Elevation provides incredible health and wellness benefits along with a quad motor system: dual independent footrest and backrest motors, motorized headrest and a motorized lumbar system. Many more features are included making this a true premium Zero Gravity Recliner.

MUSCLE RELAXATION

The weightlessness of zero-gravity allows for complete muscle relaxation, rejuvenation and tissue repair.

SPINE DECOMPRESSION

Zero-gravity puts your body in a neutral position, enabling the spine to decompress and release tension.

INCREASED BLOOD CIRCULATION

Your heart is aligned with your feet in the zero-gravity position, providing more oxygen to your blood and aids in circulation.

REDUCES PAIN

With the strain of gravity reduced, your back and neck will reset providing relief from pain and tension.

HEART FRIENDLY

The zero-gravity position reduces pressure off the heart, allowing for increased blood flow throughout the body.

DESIGNED BY NASA

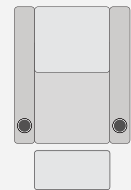

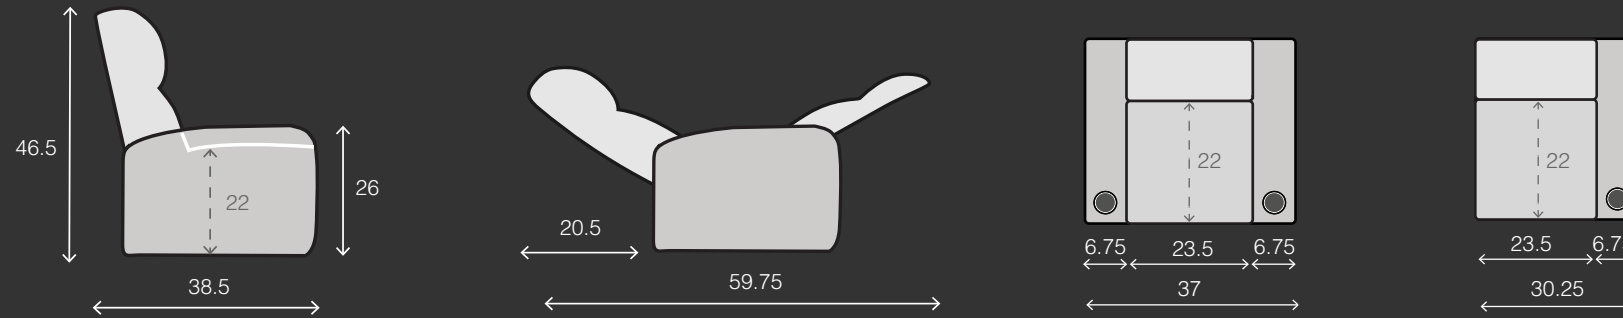

The zero-gravity position suspends your body in a neutral position, causing deep relaxation and healing on a physical and mental level.

ZERO GRAVITY SERIES

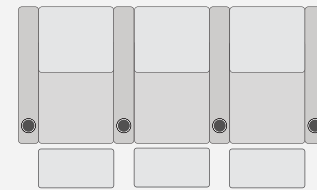

SPECIFICATIONS

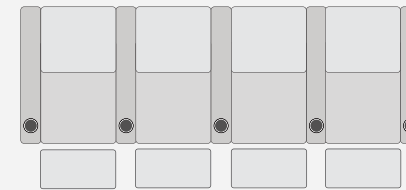

RECLINER
37 W x 38.5 D x 46.5 H

ROW OF 2
67.25 W x 38.5 D x 46.5 H

ROW OF 3
97.5 W x 38.5 D x 46.5 H

ROW OF 4
127.75 W x 38.5 D x 46.5 H

THE OCTANE SEATING DIFFERENCE

All zero-gravity models offer dual independent motors, wellness benefits and many other features.

POWER HEADREST

Headrest can be articulated back and forward for full head support.

POWER LUMBAR

Lumbar adjusts along the spine for premium back support.

POWER BACKREST

Independent motorized backrest with unlimited comfort positions.

POWER FOOTREST

Control the footrest independently to reach your desired position.

ONE TOUCH ZERO GRAVITY

Push a button and you'll automatically be placed into the preset zero gravity position.

USB & USB-C CHARGING

Charging station to power up your devices quickly and efficiently.

LED LIGHTING SYSTEM

Ambient LED lighting surrounds the cupholders and along the baserail.

ACCESSORY DOCKS

Add over a dozen accessories like tray tables, phone holder, wine holder & many more.

ONE TOUCH HOME

One Touch and the chair will reset itself to the fully upright position.

2 MEMORY SETTINGS

Two personal settings to your desired chair position all at the touch of a button.

GEL INFUSED MEMORY FOAM

Our premium foam cradles your body, keeping the weight off of pressure points.
