

ZERO GRAVITY BENEFITS

In the Zero Gravity position your body's weight is evenly distributed and fully supported. This position neutralizes gravity and allows for healing, repair, and can prevent aging.

MUSCLE RELAXATION

The weightlessness of zero-gravity allows for complete muscle relaxation, rejuvenation and tissue repair.

SPINE DECOMPRESSION

Zero-gravity puts your body in a neutral position, enabling the spine to decompress and release tension.

INCREASED BLOOD CIRCULATION

Your heart is aligned with your feet in the zero-gravity position, providing more oxygen to your blood and aids in circulation.

REDUCES PAIN

With the strain of gravity reduced, your back and neck will reset providing relief from pain and tension.

HEART FRIENDLY

The zero-gravity position reduces pressure off the heart, allowing for increased blood flow throughout the body.

DESIGNED BY NASA

The zero-gravity position suspends your body in a neutral position, causing deep relaxation and healing on a physical and mental level.

THE OCTANE SEATING DIFFERENCE

All zero-gravity models offer dual independent motors, wellness benefits and many other features.

MOTORIZED BACKREST

Our German engineered motor drive system is whisper quiet, smooth and offers an unlimited amount of reclining positions

MOTORIZED FOOTREST

The footrest is independently controlled allowing for even greater power reclining functionality and wellness benefits.

GEL INFUSED MEMORY FOAM

Our cooling gel infused memory foam cradles your body, keeping the weight off pressure points all while keeping you consistently comfortable.

ACCESSORY DOCK

Our exclusive accessory dock enables you to add a whole collection of lifestyle accessories which will elevate your seating experience.
